

New Product Announcement | Series V

Exhaust Hose Reels Series V

Reelcraft's exhaust reels conveniently store lengths of large diameter exhaust hose. Designed to divert hazardous carbon monoxide gasses away from the workplace, these industrious reels are spring retractable and feature a latching mechanism that maintains the desired working length of hose.

Benefits

- **Safety** - Proper installation eliminates hazardous carbon monoxide gasses in the workplace.
- **Dependable** - Reel features two high quality industrial strength carbon drive springs to ensure that hose retracts every time.
- **Versatility** - Reel may be mounted from the ceiling, wall, and/or floor.
- **Corrosion Resistance** - Components are individually powder coated providing excellent resistance against the environment.
