Reelcraft: Safer by Design

Adjustable Bumper Stop
Allows any desired length of cord to be maintained outside the reel.

Corrosion-Resistant
Steel components are individually powder coated to virtually eliminate corrosion.

Adjustable Guide Arm
Multiple guide arm positions for versatile uses and easier field adjustment.

Enclosed Drive Spring
Drive mechanism is enclosed for protection against the environment.

Long Life Drive Spring
Declutching arbor virtually eliminates possibility of spring damage due to reverse winding of reel spool.

Structural Strength
Robotically welded heavy gauge steel frame.

Easy to Mount
Attaches to most structurally sound surfaces. Edges are curved for safety.

Note: Swing brackets should be used if cords are pulled at more than 45°, see page 39.
