Special Powder Coat Paint Colors

Customize your small or large frame reel color with special paint options

Reelcraft is most well-known for its bright red reels, but we also paint secondary colors and special order colors. Reelcraft uses a rigorous cleaning process on raw parts prior to paint. After this process is complete, parts are then coated with a high quality, durable polyester powder coat paint for a uniform, corrosion resistant finish that will last through years of service.

Reelcraft frequently paints secondary colors - white, black, blue and gray. There is no set-up charge for secondary colors, only a variable per unit charge. We thoroughly clean our booths and tools prior to painting special order colors therefore require a one-time set-up charge in addition to the variable per unit charge.

### Primary Colors - NO CHARGE
Reelcraft is most well-known for its bright red reels, but we also paint gray on large frame reels at no extra charge. Gray must be specified at time of order.

### Secondary Colors
Reelcraft frequently paints secondary colors. There is no set-up charge for secondary colors, only a variable per unit charge and a possible increase in lead time. *Reels with secondary colors cannot be returned.

### Special Order Colors
We thoroughly clean our booths/tools prior to painting special order colors and thus require a set-up charge in addition to the variable per unit charge. Contact Reelcraft for additional colors not listed. Be aware that special paint may add to lead time. *Reels with special order colors cannot be returned.
